WALLPAPER ADHESIVE

Easy Mix, Universal Wallcovering Paste

DECORATORS RANGE

Description:

An easy mix adhesive formulation suitable for hanging all types of wall coverings from woodchip to heavy embossed paper.

Benefits:

- ***High initial tack.***
- ***Extra smooth formula, no lumps.***
- ***Easy slip and movability.***

Uses

Bond It **WALLPAPER ADHESIVE**, when mixed with water, provides an all-purpose paste suitable for hanging all common wallcoverings including lining paper, blown, sculptured, woodchip, textured vinyl, washable and heavy embossed. It can also be used for fixing polystyrene tiles and as a primer for new plaster walls.

Bond It **WALLPAPER ADHESIVE** has a durable, extra strong formula for long lasting results. It has fast mix properties for quick and easy preparation.

Preparation

Surfaces should be clean, dry and dust-free. Porous surfaces should be sized/primed using diluted paste (see table) and allowed to dry prior to application of wallpaper.

Mixing

The mixing ratio of the flakes is dependent on the type of wallpaper covering to be hung. As a guide see mixing ratios below. Pour contents of 1 sachet into the recommended amount of cold, clean water. Stir quickly until the solution begins to thicken and there are no lumps present, approximately 30 seconds. Leave for 2-3 minutes then stir again thoroughly. Leave for another 15 minutes. Before use, stir thoroughly again. Prepared adhesive can be stored for up to 3 days in an airtight container and re-used, stir well before application.

Pasting

Follow the wallpaper manufacturers instructions when hanging. Keep the front surface of wallpaper free from paste, removing the excess with a damp sponge. Please refer to table over leaf for mix ratios.

Shelf Life

8 years from date of manufacture when stored in original, unopened containers.

Storage Conditions

Store in a cool, dry conditions and protect from moisture and sunlight.

Disposal of Containers

Do not leave empty containers where residue could be harmful to children, animals or the environment. Replace lids and remove any containers to a central disposal point in accordance with local regulations.

Health & Safety

Please refer to separate material safety data sheet for full handling, use and storage instructions. Keep out of reach of children. It is the users responsibility to determine suitability for use. If in doubt contact our Technical Department for advice.

Note: this information is for general guidance only, since site conditions and labour are beyond our control. It is recommended that users make their own tests to determine suitability.
