CONNECT WITH US

FEATURES & BENEFITS

HEAT & STAIN RESISTANT

Never place hot pans or dishes directly onto the worktop, use a heat shield, hot pad or trivet to avoid staining or cracking the laminate. Avoid placing electric kettles, steamers and toasters directly below wall cabinets and on worktop joints to minimise condensation.

QUALITY PLEDGE / GUARANTEE

Symphony customer care doesn't finish once your worktop is installed. We offer a 12 month guarantee from the point of purchase on all our laminate worktops so you can rest assured you are purchasing a quality product.

EASY TO CLEAN

Care for your worktop with a slightly warm damp cloth and a little liquid soap. Tea/coffee and other everyday spillages should be wiped and dried immediately. Never use acidic or abrasive cleaners. For stubborn stains try a soft bristle brush and or a paste of baking soda. Never apply polish to your laminate work surface.

HYGIENE & SAFETY

For safety and hygienic purposes; we always recommend using a chopping board or other worktop saver to cut objects rather than directly onto the worktop.

DÉCOR CONSISTENCY

Our décor collection includes pattern designs which mimic natural materials and as such encompass pattern variation for a more natural look and feel. All our laminate décors have a stable finish for easy maintenance thanks to its synthetic material. However changes in colour/tone can happen over time if subjected to strong sunlight/UV light.

Choose the right worktop décor for your kitchen with confidence, knowing your worktop will provide a high quality and durable finish.

SPLASHBACKS & UPSTANDS

CREATE A SEAMLESS FINISH

From your work surface to your walls with our range of matching splashbacks and upstands for the ultimate co-ordinated look and feel.

Offered in all worktop styles, our splashbacks and upstands are easy to clean, heat and stain resistant and are a great alternative to tiling.
